## GRADUATION REQUIREMENT - 60 CREDITS

## Description

Sociologists study human's social lives, activities, interactions, processes, and organizations within the context of larger social, political, and economic forces. They examine how social influences affect different individuals and groups, and the ways organizations and institutions affect people's lives. The Sociology Transfer Pathway provides a broad base of general education relevant to sociology careers, and prepares students for transfer to a designated Sociology bachelor's degree program at Minnesota State universities. The sociology major teaches students how to think about individuals, groups, institutions, communities and societies in all of their complexity and interconnectedness and how to use the scientific method to ask and answer social research questions about these entities using data. Employers seek to hire candidates with strong analytic and communication skills, who can think creatively about problems, work in collaborative environments, and leverage diversity to maximize success for their organizations and employees.

## Outcomes

By completing this program, students will achieve the following learning outcomes:

- Identify and explain key concepts in Sociology;
- Apply key concepts in Sociology to real world examples;
- Identify and explain major theoretical perspectives in Sociology;
- Analyze social phenomena using theoretical perspectives;
- Apply a Sociological Imagination to social issues;
- Identify and explain the causes and consequences of social inequalities;
- Compare and contrast societies based on social structure, institutions and culture; and
- Identify and describe the research methods used in Sociology.

## Pre-Program Requirements

Some courses may require students to meet College Placement Levels in reading, writing, and/or math. See an advisor for more information.

## Graduation Requirements

- These requirements apply to new students, and students who have been absent from this college one academic year or longer.
- At least one semester before you plan to graduate, complete an Application to Graduate.
- A total of 60 college level credits with a cumulative GPA of 2.0 or higher are required for an Associate of Arts Degree.
- A cumulative GPA of 2.0 or higher in all Minnesota Transfer Curriculum courses is required to complete the MnTC.
- 15 credits must be earned at Central Lakes College to be eligible for an Associate of Arts Degree.
- Classes may meet requirements for more than one goal area, but credit will not be awarded for any course twice.

## Career & Transfer

The Sociology Transfer Pathway A.A. Degree offers students a powerful option: the opportunity to complete an Associate of Arts degree with course credits that directly transfer to designated Sociology bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so students completing this pathway degree and transferring to a Minnesota State university may enter with junior-year status. Courses in the Sociology Transfer Pathway associates degree will directly transfer and apply to the designated bachelor's degree programs. Students should consult with an advisor for guidance regarding how to best meet the requirements of their intended baccalaureate program. Universities within the Minnesota State system participating in the Sociology Transfer Pathway include:

- Bemidji State University – BA
- Metropolitan State University - BAS
- Minnesota State University, Mankato – BA/BS
- Minnesota State University, Moorhead – BA
- Southwest State University, BA
- St. Cloud State University - BA
- Winona State University - BA
